

# R I F T 7 1

## TERROIR

Formed over 200 million years ago, the hills of the Mâconnais form the vineyard's playground of RIFT 71. Grapes of Chardonnay draw its typicity from a terroir of divers and old origins and composition.

## VINIFICATION & MATURING

RIFT 71 is crafted with absolutely no addition of sulphite from harvesting to bottling.

Maturing is in stainless steel vats over fine lees protected from oxygen feeds.

This specific winemaking confers Rift 71 pleasantly surprising aromas for this Chardonnay from the Mâconnais.

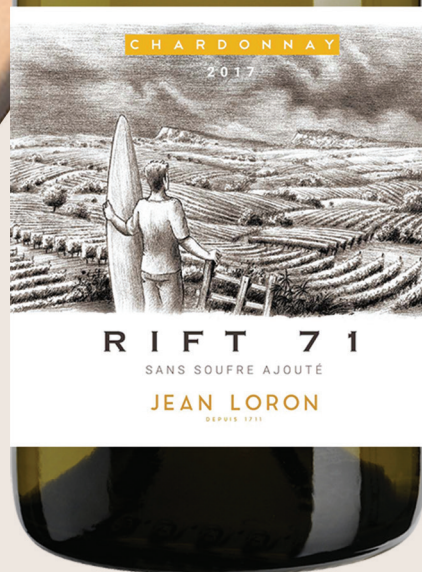

Intriguing and entancing notes in comparison with the usual expressions of the Mâconnais white wines.

## TASTING NOTES

Displaying a pale gold colour, this chardonnay delivers a typical and elegant nose with aromas of white flowers, butter and a gentle pepperness. The mouth is both generous and fresh with notes of candied ginger.

## DISTINCTIVE PERSONNALLITY

Our chief winemaker Jean-Pierre Rodet, first made wine under the guidance of Jules Chauvet, the famous producer, winemaker, eminent scientist and oenologist, recognised as the "father" of the natural wine movements.
